

Keith E. Emery, P.E. – Vice President, Tenaska Power Services Co.

Keith Emery is Vice President of ERCOT (Electric Reliability Council of Texas) Origination for Tenaska Power Services. He is responsible for Tenaska's marketing and origination activities in the ERCOT region. Keith Emery has over 20 years of experience in electric utility operations and energy marketing, with over 12 years focused on deregulated energy markets throughout the United States.

Prior to joining Tenaska in 2002, Mr. Emery was manager of power marketing at FPL Energy where he was responsible for marketing independent power development projects in ERCOT and the Western Electricity Coordinating Council (WECC). During his 13-year career prior to joining TPS, he held various engineering, operations, and marketing positions with FPL Energy and Florida Power and Light Company.

He is actively involved with various industry activities, including serving on the board of directors of the Gulf Coast Power Association (GCPA) and on the ERCOT Wholesale Market Subcommittee.

Mr. Emery earned a bachelor of science degree in electrical engineering and a master of business administration degree from Florida Atlantic University. He is a registered professional engineer in the State of Florida.
